

SITKA LINING TROUSERS WOMEN

A functional lining with maximum warmth capacity, easily attached to trousers for winter use. The lining has openings at the top to access the pockets of the trousers worn underneath without exposure to cold and wind, and slits at the bottom for easy opening and closing of the leg zippers.

FUNCTIONS

- Openings on the lower leg allow ease of access to undo zips.
- Fastens with a zip and with fastenings at the leg ends
- Superb insulating properties
