LWO JACKET

The LWO Jacket is a lightweight and versatile pull-on with a roomy fit, designed to allow rapid camouflage changes to suit the environment. It can also be used as a windbreaker during high-intensity activities. The adjustable hood is optimised for use whilst wearing a helmet, and the jacket features several practical pockets for essential equipment. Exceptionally lightweight, the LWO Jacket adds virtually no weight to your pack.

FUNCTIONS

- Spacious fit with space for insulation garments
- Hood optimized for helmet can be width adjusted to be used without a helmet
- The screen on the hood has a steel wire so it can be adjusted to protect the face in wind and rain
- Velcro around the opening of the hood with the option of attaching a fur trim
- Heavy duty 2-way front zipper, concealed by front flap with velcro closure
- Compass pocket with velcro closure on front flap
- Velcro on the front of the compass pocket for labels
- Vertical chest pockets with zip closure and internal loops
- Sleeve pockets with velcro closure, bellows, pocket lids and internal and external loops for securing equipment
- Velcro on sleeve pockets for labeling
- Pre-shaped sleeves
- Ventilation openings with zipper under the arms
- Velcro adjustment at sleeve ends
- Width adjustment at the bottom of the jacket using elastic cords
