CAM-NET PERSONAL

A personal camouflage net with thermal protection properties designed to fit the individual operator's equipment. The net has perforated edging so that several net can be linked if a larger camp or operational space needs to be built. This is easily done with a strong plastic wire. This net is also double-sided, which means greater flexibility and more versatility. The front side is 3-dimensional and provides good camouflage in forest environments, while the rear is 2-dimensional, which works better in mountain terrain, archipelagos and along coastal stretches.

FUNCTIONS

- Reversible
- 3D & 2D
- UV/VIS/IR/TIR
- Thermal protection
- Dimensions 2 x 3 m

FACTS

Article no.	203080524
Sizes	2 x 3 m
Colors	0680 Woodland
Material	Fabric: 100% polyester
Other	Weight : 1400 g
