LINER SOCKS 2-PACK

A comfortable, slightly thinner wool sock with temperature-regulating properties that keeps you warm even when damp. It is durable and can be used in all climates; either on its own or as a first layer complemented by thicker socks in colder temperatures. The sock is Oeko-Tex Standard 100 certified.

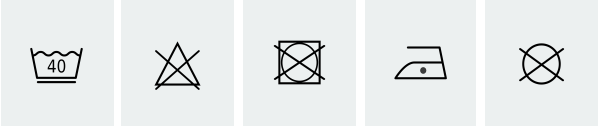

FUNCTIONS

- Wool has temperature-regulating properties.
- Lycra provides an optimal fit and some compression function.
- Reinforced heel and toe areas with extra wool yarn to enhance durability.
